- The ramp entrance near the faculty parking lot is only to be used for people with accessibility issues, strollers and deliveries. Everyone else should use the main entrance located at 27 Garden Street - Pickman Hall.

Conservation
- Most of our practice rooms and classrooms are equipped with motion sensors which turn the lights on when you enter and automatically turn them off again. If you happen to be in a room that does not have a sensor, please turn off the lights and air conditioning units upon leaving a practice room.
- There are 5 water coolers on our campus. They are here to help you stay hydrated! At Zabriskie House they are located in the Bistro, at the bottom of the stairs below the Pickman Hall lobby and at the front desk. At the Rey-Waldstein building they are located in the basement lounge and the Academic Affairs office suite where the Dean’s office is. Please bring your own refillable water bottle so we don’t waste paper cups! If you do need a cup for coffee or tea, please ask at the front desk.
Equipment
- Copy machines are located in the Library and in the Student Lounge. The machines operate with change or account cards. Please visit the Library for more information.
- Refrigerators and microwaves are located in the Bistro at Zabriskie House and in the basement lounge at the Rey-Waldstein building. Please do not leave food in the refrigerators overnight. Please do not put metal or aluminum foil in the microwave. Every Friday night the refrigerators need to be completely emptied for cleaning Saturday morning.
- Please use the trash and recycling receptacles provided throughout both buildings.

If you have any questions or concerns, please let me know. If you see something that is dirty or broken please stop by the front desk and let us know. The facilities staff is here to help you.
