'我有一个恋爱

I Have a Love Affair

Xu Zhimo

我有一个恋爱——

我爱天上的明星;

我爱他们的晶莹:

人间没有这异样的神明。

在冷峭的暮冬的黄昏,

在寂寞的灰色的清晨,

在海上,**在**风雨后的山顶——

永远有一颗,万颗的明星!

旅行人的灯亮与南针——

万万里外闪烁的精灵!

人生的冰激与柔情,

我也曾尝味,我也曾容忍;

我有一个破碎的魂灵.

像一堆破碎的水晶.

我袒露我的坦白的胸襟.

献爱与一天的明星:

任凭人生是幻是真.

地球存在或是消泯——

太空中永远有不昧的明星!

I have a love affair ——

I love the stars in the sky;

I love their sparkle:

In the world, nonsuch a miracle god.

At cold dusk in late winter,

In the lonely and grey morning,

At sea, on the summit after storm—

There is ever one star, thousands of stars.

A traveler's lamplight and compass—

The glittering spirits beyond distance!

The passion and tenderness of lifetime,

I ever tasted, I ever sold for;

I have a broken soul,

Like a pile of broken crystals,

I bare my free heart,

Dedicate love to the stars of all over the sky:

Despite of lifetime, real or unreal,

The earth, in or out of existence—-

In space, forever the stars twinkle forever!
